

NEIGHBOURHOOD WATCH WHAT DOES A COORDINATOR DO?

Decides the area to be covered (typically 20 – 50 houses) and completes a registration form. Discusses the introduction of neighbourhood watch with the local residents and obtains their contact details.

Receives information from the local police (this usually comes by e-mail) *and passes relevant information to the neighbours.

Window stickers will be provided to the coordinator to distribute to the residents wishing to join the scheme.

Keeps in touch with the neighbours and welcomes new residents into the neighbourhood

Obtains signs to fix in prominent locations (not compulsory). The signs are usually a free issue but please check. They will be fixed for you.

Reports suspicious incidents to the police or other officials.

Identifies vulnerable people within the Scheme.

Generally, fosters a community spirit within the Scheme and encourages the neighbours to keep their homes secure and to look out for each other.
