Community Safety Partnership (CSP) priorities

CSP Priority 1 – Understanding risk and susceptibility of individuals (people) and locations (places) and helping communities respond to this.

CSP Priority 2 – Work to tackle violence in East Cambridgeshire, with a particular focus on serious violence.

Deep dives

Deep dive 1 – Building on the violence and public order data deep dive completed in 2023/2024, complete analysis on a wider range of data/information sources including community voice, particularly young people. This aims to enhance understanding of local issues relating to violence and to help inform work under priority 2.

Deep dive 2 – Analysis of Anti-Social Behaviour (ASB) in recent years with a focus on the nature of incidents (both police and East Cambridgeshire District Council (ECDC) recorded) as well as trend, temporal and geographic analysis.

East Cambridgeshire Neighbourhood Joint Board Meeting

Continued agency collaboration has been identified as absolutely vital. The following themes were identified:

- young people and their well-being
- mental health/well-being generally
- integrated induction and training to facilitate a culture of collaboration
- communication, raising and sharing awareness of issues and access to expertise and support services

Transport was raised as a barrier for all the above themes.

The joint themes are identified in **bold blue** in the CSP Action Plan on the following pages.

Activities that the CSP will undertake in addition to the delivery its statutory duties

Lead agencies are required to submit quarterly progress updates in advance of all CSP board meetings via ECDC's Neighbourhood and Community Safety Team Leader.
