- 1.2. In discharging this overall responsibility, East Cambridgeshire District Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.

2. The purpose of the governance framework

- 2.1. The governance framework comprises the systems and processes, culture and values, by which the Council is directed and controlled, and its activities through which it accounts to, engages with, and leads its communities. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.
- 2.2. The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of East Cambridgeshire District Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised, and to manage them efficiently, effectively and economically.
- 2.3. The governance framework has been in place at East Cambridgeshire District Council for the year ended 31 March 2022 and up to the date of the approval of this statement.

Translating the vision into courses of action for the authority, its partnerships and collaborations	<ul style="list-style-type: none"> • In normal circumstances, the Corporate Plan is underpinned by Service Delivery Plans, which set out in more detail how the Council's priorities will be delivered. These Plans contain more specific targets, which are allocated to teams, contractors, partners and employees to deliver. During 2021/22 performance reporting against Service Delivery Plans did not take place but has been reinstated for 2022/23. In the meantime, internal monitoring against targets, statutory requirements and objectives has been conducted by Service Leads. • Service Delivery Plans are reviewed every year in line with any changes to the Corporate Priorities and in accordance with the development of the budget to ensure the necessary resources are in place for their delivery. • Staff appraisals and performance reviews are linked to corporate and service level plans. • Where commissioned services are delivered jointly with partners this is reflected in service delivery plans and performance against both service delivery targets and budgets are monitored. • There are service contracts in place between the Council and its Trading Companies. The Service Delivery Planning process has been reintroduced from April 2022 for the 2022/23 year. A summary of the overall performance of the Council , linked to the promises detailed in the Corporate Plan, is included in the introduction to the Statement of Accounts. The Council has established a robust financial planning process which includes a Medium Term Financial Strategy, frequent budget monitoring reports to officers and quarterly budget monitoring reports to Policy Committees. 5. Review of effectiveness

- 5.1. East Cambridgeshire District Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the directors within the Council who have responsibility for the development and maintenance of the governance environment, the Chief Internal Auditors annual report, and also by comments made by the external auditors and other review agencies and inspectorates.
- 5.2. The following is a brief description of the roles and processes that have been applied in evaluating the effectiveness of the governance framework:

1. The Council

- In July 2021 the Council approved the Corporate Plan for 2021-2023 which forms the basis of the performance management framework. Council reviews progress against the plan, ensuring it remains committed to the priorities whilst delivering a balanced budget.
- Council approved financial documents including the Medium Term Financial Strategy, Capital Strategy, General Fund Revenue Budget, Treasury Management Strategy, and the Council Tax Reduction Scheme. The Medium Term Financial Strategy provides the financial structure for the policy and budget framework, corporate planning, annual service planning and budget setting.
- Section 151 of the Local Government Act 1972 requires that every local authority shall make arrangements for the proper administration of their financial affairs and shall ensure that one of their officers has responsibility for administration of those affairs. This role was discharged by the Council's Finance Manager & S151 Officer during 2021/22.
- The CIPFA Financial Management Code published in October 2019 sets out the financial standards of financial management for local authorities. Full adoption of the Code commenced on 1st April 2021. A self-assessment by the s151 Officer in 2021/22 did not highlight any areas of non-conformance with key principles of the Code. An independent review by Internal Audit of the self-assessment was also conducted and areas for further consideration have been reported.
- The Council has considered the appointment of Independent Persons for the Council in accordance with the standards framework to be compliant with the Localism Act 2011. The appointment was made by Full Council in May 2019 and will be for a period of four years.
- Council approved key strategies and policies such as the Corporate Plan 2021-2023 and the revised Corporate Risk Management Policy are in place and communicated.

2. The Finance and Assets Committee

- The Committee reviewed and noted quarterly budget monitoring reports.
- The Committee approved financial reports, such as the Treasury Management Strategy, Treasury Management Annual Performance Review, the Annual Investment Strategy, Revenue Budgets, Capital Strategy, Council Tax, overall

Council Budget reports, and reviewed the minutes of the ARP Joint Committee, as the partnership which delivers revenues and benefits for the Council.

- In undertaking its role as the Shareholder Committee for East Cambs Trading Company (ECTC), the Committee approved the Business Plan for 2022/23 (June 2022) and noted the ECTC accounts for 2020/21.

3. The Audit Committee

- The Committee performed the role of the Audit Committee as defined by the Public Sector Internal Audit Standards, which covered internal and external audit matters, risk management arrangements, corporate governance including internal control arrangements and the annual governance statement, anti-fraud and corruption arrangements, and the statement of accounts.
- The Committee received reports on corporate risks, the work of internal audit, including the annual report, and external audit reports, letters and briefings. It also reviewed and approved the Annual Governance Statement for 2020/21.

4. The Operational Services Committee

- The Committee received and noted quarterly budget monitoring reports. The Committee also reviewed the revised Environment & Climate Change Strategy & Action Plan; an overarching Environment Policy; and plans for the new 'Investors in the Environment' programme.
- The Committee received a progress report against the East Cambridgeshire Youth Action Plan 2021-24 and an annual update on the performance and capacity of the Community Advice Service.
- In undertaking its role as the Shareholder Committee for East Cambs Street Scene (ECSS), the Committee received performance reports for the delivery of the waste and street cleansing services by ECSS. The Committee also approved the ECSS Business Plan for 2022/23 and noted the ECSS statutory accounts for 2020/21.

5. Relationship between the Council and its Trading Companies

The shareholder arrangements for the Finance and Assets and Operational Services Committee are detailed above. In addition, there are a number of matters reserved for Council as the sole shareholder, as detailed in the Shareholder Agreement. The Council continues to implement the revised arrangements for the membership of the ECTC and ECSS board and wider member scrutiny (ref: Council – 17 October 2019 Agenda Item 14 and 15) specifically the appointment of the Leader of Council or Deputy Leader of Council and the respective Chairman of Committee to the Boards as Observers, the membership of the Boards to include the respective Director, delegations of functions of Council to the respective Committee to meet its shareholder responsibilities and an annual all member shareholder seminar held at the end of each financial year. ***The Audit Committee recognise the importance of the trading companies meeting the published timetable for the annual shareholder seminar.***

6. Internal audit

- The Council takes assurance about the effectiveness of the governance environment from the work of Internal Audit, which provides independent and objective assurance across the whole range of the Council's activities. It is the duty of the Chief Internal Auditor to give an opinion on the adequacy and effectiveness of internal control within the Council. This opinion has been used to inform the Annual Governance Statement.
- The Chief Internal Auditor's annual report was presented to the Audit Committee in July 2022. This report outlined the key findings of the audit work undertaken during 2021/22 including any areas of significant weakness in the internal control environment.
- The Chief Internal Auditor's annual opinion for 2021/22 is that:

I am satisfied that sufficient internal audit work has been undertaken to allow an opinion to be given as to the adequacy and effectiveness of governance, risk management and control for 2021/22. In giving this opinion, it should be noted that assurance can never be absolute. The most that the internal audit service can provide is reasonable assurance that there are no major weaknesses in the system of internal control.

It is my opinion that **Satisfactory Assurance** can be given over the adequacy and effectiveness of the Council's control environment for 2021/22. This control environment comprises of the system of internal control, governance arrangements and risk management. This remains consistent with the opinion given in the previous year.

Financial control

Controls relating to the key financial systems which were reviewed during the year were concluded to be generally operating effectively. An exception related to approval of invoice payments over £50,000 - where it was noted, from follow up testing, that manual controls implemented following the 2020/21 audit were not operating consistently to ensure sign off by a Director or s151 Officer in some cases.

Some areas for improvement have been noted in the audit reports received relating to the delegated revenues and benefits systems, including valuation office reconciliations for business rates and the timeliness of Council Tax refund processing.

Assurances have been given over actions being taken to address these areas and this will be followed up in 2022/23.

Risk management

Established structures and processes for identifying, assessing and managing risk remained consistent during 2021/22. The risk register was reviewed by the Audit Committee on a six monthly basis, considering the outcomes of quarterly reviews conducted by the Council's risk management group.

Internal Audit work is targeted upon the Council's key areas of risk, in addition to providing the necessary assurances over the wider governance and control framework. Internal Audit work completed in 2021/22 assessed assurances in relation to controls in some of these key areas.

Internal control

For the audits completed by the delegated service in 2021/22, 100% of the opinions given in relation to the control environment and compliance have been of at least Satisfactory Assurance. Of these audits, none have resulted in an opinion of 'major' organisational risk, which would impact upon the annual assurance opinion.

Control weaknesses have been reviewed in relation to the ICT outages experienced during the year and an action plan is in place to address the areas for improvement.

Of the recommended actions agreed during 2021/22, and due for implementation, 83% had been completed during the year. There are, however, a further six agreed actions from previous financial years which remain unimplemented at the time of reporting.

Internal Audit has not been made aware of any further governance, risk or significant internal control issues which would reduce the above opinion. No systems of controls can provide absolute assurance against material misstatement or loss, nor can Internal Audit give that assurance.

7. External audit

- Under the Government's local public audit regime the Audit Commission initially, and more recently Public Sector Audit Appointments Limited, have awarded contracts for work previously carried out by the Audit Commission's audit practice. As a result Ernst & Young (now EY) became the appointed external auditor for East Cambs District Council from 1 September 2012.
- EY's audit results report for the financial year 2020/21 was presented to Audit Committee on 22 November 2021. The annual audit report 2020/21 was presented to the Committee on 14 March 2022.
- For the financial year 2020/21 EY issued unqualified audit opinions on the Council's financial statements and value for money conclusion.

8. Other inspection agencies

- In November 2021, the Council was subject to a routine inspection by the Investigatory Powers Commissioners Office (IPCO). The inspection revealed that the Council's Regulation of Investigatory Powers Act (RIPA) Policy needs updating. This will be implemented during 2022, along with training for all staff who would use the RIPA powers.

9. Impact of the Covid-19 pandemic in 2021/22

- During 2021/22 the Council had operating in recovery stages of the Covid-19 pandemic, with support of an internal officer recovery group led by the Operations Director. This was set up to maintain key services, continue to help those in need, support local businesses and keep everyone informed. Work stream examples included:
 - Continued focus on working with businesses, offering help, support and guidance;

- Working with parish councils to offer support, and guidance including the introduction of a Covid-19 local outbreak response plan;
 - Ensuring local outbreaks of the virus are managed and monitored;
 - Ensuring that residents self-isolating have access to food deliveries, hardship payments and general support;
 - Continued homelessness prevention, access to benefits and hardship grants;
 - Working with statutory partners including Public Health and the County Council to ensure a joined up approach;
 - Getting messages out to residents on how to stay safe by social distancing; and,
 - Administering the Government's test and trace self-isolation payments.
- The Council is part of the Local Resilience Forum who have convened a County-wide Recovery Coordination Group, which allows the Council to work collaboratively with a multitude of organisations towards a common goal. A number of sub-groups were set up covering different areas of work with the Council being represented by officers.
 - The Council established a Covid-19 Member Working Party to feed into the wider district recovery plan.
 - The Council's governance structures were refined during the transition through recovery phases and were supported by comprehensive action plans, communications and performance management.
 - Internal Audit reported on the Council's response to COVID-19 recovery in 2021/22 (ref: 28/02/2022), the Auditor's Opinion is summarised below:

Internal Audit Assurance Opinion	
Control Environment	Good Assurance
Compliance	Substantial Assurance
Organisational Impact	Minor

There were no high or medium recommendations, there were two low risk recommendations in relation to the requirement for a template for a decision log and final update including lessons learnt. Both of these actions have been agreed by Management Team.

6. Significant governance issues and actions

The review of the effectiveness of the Governance Framework has provided a satisfactory level of assurance. The review process has highlighted no significant issues.

7. Conclusion

Based on the work that has been completed, assurance can be taken that the governance arrangements at East Cambridgeshire District Council are fit for purpose.
