	Applicant organisation	Project Name	Project Summary	Total score	Amount of funding requested (£)	Funding cumulative total	
1	National Trust	Wicken Fen Burwell Lode Crossing	The adaptation of a footbridge over a waterway called Burwell Lode, will complete the final inaccessible section of The Lodes Way between Wicken Fen and Bottisham, via Anglesey Abbey. This route is part of National Cycle Network Route 11 and these works will provide widened access for wheelchair users, those with mobility difficulties and families with young children. It will also enable equestrian access.	178.8	250,000.00	250,000.00	
2	Viva Arts and Community Group	Apprenticeship, Traineeship & Learning Hub with Solar	Creation of a hub for apprenticeships and traineeships centred around the creative industries and aimed at young people who have limited options in terms of pathways to employment, education or training; thus stimulating sustainable economic development and creating jobs for Soham. Also to install solar lighting instead of standard street lights throughout our site This project increases the capacity of the existing Spencer mill facility to enable this new use and this growth.	178.5	124,056.00	374,056.00	
3	Soham Town Council	Soham - Wicken Cycleway	A cycleway to link Soham's new train station to Wicken, Wicken Fen and the National Cycle Network. Soham is the nearest public transport hub to Wicken Fen (2.6 miles). The community added value of the project will come from a reduced need for cars to travel to and from the site. It will also encourage students from Wicken to cycle to school, away from the busy A1123 road with all associated health benefits. In addition, workers and visitors will also benefit from a shorter, safer new route	172.5	800,000.00	1,174,056.00	
4	Stretham Parish Council	Stretham Community Hub	A new village community facility, the Hub will create additional community space and enable expansion of existing community led projects, for the growing community, Mereside Medical, the GP partnership managing Haddenham Surgery, and Staploe and Cathedral Medical Centres have received approval in principle from their Commissioning Body for a new branch site of Haddenham Surgery at Stretham. The previous village doctors surgery is out-dated and has been shut since March 2020 with no expectation that it is	171	700,000.00	1,874,056.00	
5	Witchford Playing Fields Association	Village Hall Expansion Project	The project incorporates three elements 1. New changing facilities for the outdoor sports clubs 2. Remodelling of the area of the village hall currently occupied by the changing facilities to create additional flexible space for indoor activities, local clubs, societies & businesses. 3. Installation of solar panels on the roof of the village hall. It will provide better quality, modern changing facilities for the many sports teams that play at Witchford. This in turn will release much needed additional space in the village hall itself to enable the WPFPA to cater for ever increasing demand levels.	170	191,535.00	2,065,591.00	Only 125944 available
6	Bottisham Parish Council	Bottisham New Cemetery	Purchase of land for and construction of a new burial ground in Bottisham. The chosen site could meet local demand for the next 250 years at current interment rates. Located within easy walking/cycling distance of the village centre, the cemetery will minimise traffic associated with visits.	158.4	105,000.00	2,170,591.00	
7	Soham Town Rangers Football and Social Club Ltd	Community Club Refurbishment	Installation of an acoustic ceiling and refurbishment of the main hall to enable the room to be used during the day. Currently this is not possible because it disrupts tenants on the first floor. Being able to refurbish the club would allow use of the main hall every day, opening the club to larger community groups. Also refurbishment of the lounge area, used by smaller groups	147	51,360.00	2,221,951.00	
8	Iisleham Community Association	Commercial Kitchen	Installation of a commercial kitchen to offer a daily café, Saturday breakfast (particularly for the several hundred users of the recreational field), Sunday roast dinners, in-house catering for weddings and other events (currently being outsourced). In addition to providing a greatly enhanced service to the community, these developments will also create additional employment opportunities within the local community in the form of additional bar, catering, waiting and cleaning staff.	127	22,265.00	2,244,216.00	
9	Little Thetford Village Hall	Moving to an all-electric village hall using renewable energy	An eco-friendly solution for the village hall heating and hot water needs. This will support current activities of the village hall, and allow for future development alongside supporting a commitment to climate change that the community want to see. Move to an all-electric operation to meet the demands of a combined heating / cooling system alongside future requirements such as EV charging points and a community shop, provision of a roof-mounted 32 solar panel and dual battery system and other associated works.	116	63,000.00	2,307,216.00
