# **Five Year Land Supply Report**

**1 April 2023 to 31 March 2028**

**Published 5 April 2024**

**This report forms part of the Council's on-going obligations to publish the 'authority's monitoring report'**

# Five Year Land Supply Report for East Cambridgeshire

## 1. Introduction

This Five Year Housing Land Supply Report ('the Report' or 5YHLS Report) is to be used for the purposes of decision taking from its publication on 5 April 2024.

Forecasting when and how sites will be built out is a key part of plan making and monitoring. East Cambridgeshire District Council (ECDC) is required to regularly produce trajectories to show how strategic policies identify a 5YHLS as well as the housing land supply for the entire Local Plan period.

A 5YHLS Report normally comprises data about housing sites, especially those sites where they are expected to come forward to be build-out within the next five years. This is usually accompanied by a trajectory illustrating how many dwellings are expected to be delivered each year.

### National Policy

This Report sets out the process for calculating the 5YHLS based on the requirements of the revised National Planning Policy Framework (NPPF) published in December 2023, and associated NPPG as regularly updated.

The December 2023 edition of the NPPF changed the 'rules' on how to identify and calculate a 5YHLS, as well as the implications if supply is above or below five years' worth. The NPPF now states:

*76. Local planning authorities are not required to identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing for decision making purposes if the following criteria are met:*

*a) their adopted plan is less than five years old; and*

*b) that adopted plan identified at least a five year supply of specific, deliverable sites at the time that its examination concluded.*

*77. In all other circumstances, local planning authorities should identify and update annually a supply of specific deliverable sites sufficient to provide either a minimum of five years' worth of housing, or a minimum of four years' worth of housing if the provisions in paragraph 226 apply. The supply should be demonstrated against either the housing requirement set out in adopted strategic policies, or against the local housing need where the strategic policies are more than five years old\*. Where there has been significant under delivery of housing over the previous three years\*\*, the supply of specific deliverable sites should in addition include a buffer of 20% (moved forward from later in the plan period). National planning guidance provides further information on calculating the housing land supply, including the circumstances in which past shortfalls or over-supply can be addressed.*

*\*Unless these strategic policies have been reviewed and found not to require updating. Where local housing need is used as the basis for assessing whether a five year supply of specific deliverable sites exists, it should be calculated using the standard method set out in national planning guidance*

*\*\*This will be measured against the Housing Delivery Test, where this indicates that delivery was below 85% of the housing requirement. For clarity, authorities that are not required to continually demonstrate a 5 year housing land supply should disregard this requirement*

For East Cambridgeshire, the above can be interpreted as follows:

In respect of paragraph 76, East Cambridgeshire meets criteria (a), because its Local Plan was updated and adopted in October 2023, and therefore 'less than five years old'. However, that Local Plan does not meet criteria (b), because that update of the Local Plan did not identified an updated list of 'deliverable sites at the time that its examination concluded'. Consequently, paragraph 76 does not apply to East Cambridgeshire. As such, paragraph 77 must.

Para 77 starts be referring to either four of five years' worth of supply needing to be demonstrated, with it being four years if para 226 applies. Para 226 relates to emerging new Local Plans which have

reached certain stages of its preparation. This does not presently apply to East Cambridgeshire. Consequently, East Cambridgeshire defaults to needing to demonstrate five years' worth.

Para 77 then states that supply '*should be demonstrated against either the housing requirement set out in adopted strategic policies, or against the local housing need where the strategic policies are more than five years old*'. In East Cambridgeshire's case, our housing requirement was set in October 2023, and therefore less than five years ago. That housing requirement therefore should be used.

Para 77 then moves on to whether or not there has been a '*significant under delivery of housing over the previous three years*', using the Housing Delivery Test to establish that fact. As demonstrated later in this 5YHLS Report, there has not been a '*significant under delivery of housing over the previous three years*', and therefore that element of paragraph 77 does not apply.

In addition to the NPPF are the provisions set out in the NPPG. Where necessary, these are referred to in this 5YHLS Report, but no such provisions 'override' the provisions in the NPPF, so the above is the primary basis for this 5YHLS Report.

## 2. Housing Requirement

The East Cambridgeshire Local Plan 2015 (as amended 2023), Policy Growth 1, establishes the housing requirement as follows:

*"In the period 2022 to 2031, the District Council will:*

- *Make provision for the delivery of 5,400 dwellings in East Cambridgeshire."*

This figure of 5,400 dwellings (which equates to 600 dwellings per annum(dpa)) is used in this 5YHLS Report.

For the avoidance of doubt, there is no need for this 5YHLS Report to establish the 'Local Housing Need' for East Cambridgeshire because the housing requirement in the Local Plan is up to date (less than five years old).

## 3. Five Year Basic Requirement

The basic five-year housing requirement, for the period 2023-2028, is therefore:

$$5 \times 600 = 3,000 \text{ dwellings}$$

## 4. Is an additional Buffer required?

Previous national policy had a number of potential 'buffers' that might need to be added to the five year basic requirement figure in order to establish the total 5YHLS requirement.

However, the December 2023 version of the NPPF removed most of the instances where a buffer might need to be added, and instead only one scenario exists where a buffer might need to be added.

That scenario is based on whether or not the local planning authority sufficiently 'passes' the Housing Delivery Test (HDT) and specifically where the HDT indicates that delivery was below 85% of the housing requirement in the past three years. If it was below 85%, then a 20% buffer will need to be added.

The latest HDT figures were released by Government on 19 December 2023, and provided the 2022 HDT measurement.

For East Cambridgeshire, the HDT result was 99%, therefore comfortably passing the 85% threshold. **Consequently, no buffer is required to be added. Therefore, the five-year housing requirement remains at 3,000 dwellings for the period 2023-28.**

It is uncertain when Government will publish the 2023 HDT measurement. However, it is estimated that East Cambridgeshire will continue to comfortably exceed the 85% threshold. If that is not the case, then an update of the 5YHLS Report will be published.

## 5. Has there been under or over-supply of housing?

Another adjustment to the basic five-year housing requirement might be necessary depending on dwelling delivery in recent years, to the start of the housing requirement period.

Where there has been a shortfall in delivery, the NPPG (Paragraph: 031 Reference ID: 68-031-20190722) says:

*'The level of deficit or shortfall will need to be calculated from the base date of the adopted plan and should be added to the plan requirements for the next 5 year period (the Sedgfield approach).'*

Where there has been an oversupply, the NPPG (Paragraph: 032 Reference ID: 68-032-20190722) says:

*'Where areas deliver more completions than required, the additional supply can be used to offset any shortfalls against requirements from previous years.'*

Please note that both the above paragraphs are dated 22 July 2019 and remain, at the time of writing, up to date national planning guidance. However, in December 2023, a Written Ministerial Statement (HCWS161) stated:

*'When it comes to calculating a five-year housing land supply, the Government is clear that we want to bring the position on past oversupply in line with that of past undersupply. We have amended the NPPF to formalise existing planning practice guidance on this topic and will in due course update this guidance to bring the over-supply position in line with under-supply.'*

That update has not yet been published at the time of writing this Report, but may have implications for East Cambridgeshire's 5YHLS depending on what the revised guidance states. If the implications are significant, we shall update this 5YHLS Report.

For East Cambridgeshire, the supply in the years from the plan base date has been as follows:

2022/23 – 820 dwellings completions (net)

This means there has been an over-supply of 220 dwellings.

However, using the NPPG as quoted above, such an over-supply cannot be deducted from the five year housing requirement.

**Consequently, therefore, the five-year housing requirement remains at 3,000 dwellings for the period 2023-28.**

## 6. Five Year Supply

This section sets out how the supply of sites to meet the five year requirement has been identified. For a site to be considered deliverable Annex 2 of the NPPF (December 2023) provides the following definition of *deliverable*:

***Deliverable:*** *To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within five years. In particular:*

- a) *sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).*
- b) *where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.*

The definition of deliverable in the NPPF does not expressly refer to other sites which do not fall into category (a) or (b). Any such sites therefore would be considered under the opening sentence of the definition.

NPPG provides further guidance, which is extensive and not repeated in full here, but can be found at <https://www.gov.uk/guidance/housing-supply-and-delivery>.

In terms of 'deliverability', the following is most relevant<sup>1</sup>:

*'As well as sites which are considered to be deliverable in principle, [the NPPF] definition also sets out the sites which would require further evidence to be considered deliverable, namely those which:*

- *have outline planning permission for major development;*
- *are allocated in a development plan;*
- *have a grant of permission in principle; or*
- *are identified on a brownfield register.*

*Such evidence, to demonstrate deliverability, may include:*

- *current planning status – for example, on larger scale sites with outline or hybrid permission how much progress has been made towards approving reserved matters, or whether these link to a planning performance agreement that sets out the timescale for approval of reserved matters applications and discharge of conditions;*
- *firm progress being made towards the submission of an application – for example, a written agreement between the local planning authority and the site developer(s) which confirms the developers' delivery intentions and anticipated start and build-out rates;*
- *firm progress with site assessment work; or*
- *clear relevant information about site viability, ownership constraints or infrastructure provision, such as successful participation in bids for large-scale infrastructure funding or other similar projects.'*

In helping to determine what sites can be counted as 'deliverable', it is also helpful to review SoS and Inspectorate decisions.

One such case is Recovered appeal: 97 (and land adjacent to) Barbrook Lane, Tiptree, Colchester (ref: 3223010 - 7 April 2020) available here:

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/878446/combined\\_DL\\_IR\\_R\\_to\\_C\\_97\\_and\\_land\\_adjacent\\_to\\_Barbrook\\_Lane\\_Tiptree\\_Colchester\\_CO5\\_0JH.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/878446/combined_DL_IR_R_to_C_97_and_land_adjacent_to_Barbrook_Lane_Tiptree_Colchester_CO5_0JH.pdf)

In this recovered appeal, the SoS agrees with the Inspector deliberations and conclusions on the housing land supply. In this case, the Inspector stated as follows:

*"168. It is a matter of dispute between the two parties as to whether the definition of "Deliverable" in the glossary of the Framework comprises an essentially closed list and both parties have drawn my attention to the St Modwen judgement and to a number of appeal decisions with differing conclusions on this matter. In my mind, the words "in particular" denote particular examples. There is nothing in the Framework that confirms that the list is closed and therefore I do not read it to be so. The St Modwen judgement is therefore still relevant. It is clear from the glossary definition that for sites to be considered deliverable, they should be available now, offer a suitable location for development now and be achievable with a realistic prospect that housing will be delivered on the site within five years.*

---

<sup>1</sup> Paragraph: 007 Reference ID: 68-007-20190722

169. *In respect of Category B type sites, the glossary says that such sites should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years. The Planning Practice Guidance sets out what further evidence “may include”. Therefore, the list of evidence in the PPG is not exhaustive either.*

170. *I am of the general view that if a site is unallocated in an adopted development plan, but included in the latest housing trajectory, then it should not automatically be disregarded if permission is granted after the “base date” as the risk of “skewing” the housing figures would be minimal. This is especially so in Colchester where permissions do not tend to lapse.”*

The Inspector then goes on to examine a number of sites where the parties disagreed on delivery. The deliberations in this case help to establish what kinds of sites are ‘deliverable’ and which are not. It also confirms the principle that a windfall allowance can form part of the supply (578 homes in this particular case, which is over 10% of both the required supply and the identified supply).

Local to this district, and in September 2020, Inspector Searson (APP/V0510/W/20/3245551) also deliberated on these matters, and the Council has, in preparing this Report, been informed by her deliberations. Further appeal decision in the district have also confirmed the approach to be taken (including, again, that a windfall allowance is appropriate), and these have also been taken into account in preparing this Report.

The Council is confident its approach in this Report is entirely consistent with this SoS recovered appeal decision and several East Cambridgeshire based recent (i.e. past 4 years) appeal decisions.

### **Deliverable sites in East Cambridgeshire**

Appendix A provides a list of all available and deliverable sites between 1 April 2023 and 31 March 2042. For clarity, the trajectory is organised by planning status of sites (for example, non-major development, sites with detailed planning permission, sites with outline permission, etc.), reflecting the NPPF definition.

For committed sites, Appendix A identifies the planning application reference and date permission was granted. It identifies the total number of dwellings permitted on site and total dwellings completed on site at 31 March 2023. This leaves the outstanding dwelling figure (i.e. ‘net commitment’) as at 1 April 2023. For Local Plan allocations, Appendix A identifies the Local Plan allocation reference and the indicative dwelling figure as set out in the corresponding Local Plan policy.

The Appendix includes a trajectory showing the estimated delivery rate for all committed housing sites for each year between 2023/24 and 2041/42. The five-year period is highlighted to show total dwellings estimated to be delivered during the five-year period 2023/24 to 2027/28. Appendix A is organised as follows:

- Appendix A (i) Trajectory of sites which are not "major development"
- Appendix A (ii) Trajectory of sites with detailed planning permission
- Appendix A (iii) Trajectory of sites with outline planning permission
- Appendix A (iv) Trajectory of sites allocated in adopted Development Plan
- Appendix A (v) Trajectory of sites without consent, deliverable within five years
- Appendix A (vi) Trajectory of sites **not** deliverable within five years (*of any planning status*)

### **Windfall allowance**

Windfall sites are those not specifically identified in the development plan. The five-year supply calculation includes an allowance for windfall development. Paragraph 72 of the NPPF states that:

*‘Where an allowance is to be made for windfall sites as part of anticipated supply, there should be compelling evidence that they will provide a reliable source of supply. Any allowance should be realistic having regard to the strategic housing land availability assessment, historic windfall delivery rates and expected future trends’.*

Appendix B provides compelling evidence of historical windfall rates, and demonstrates that a windfall allowance of 50 per year is a reasonable if somewhat pessimistic rate compared with historic trends. No allowance has been made for the first two years as it is expected that any unallocated sites delivered within that time would likely already be under construction or have planning permission. This gives a total of 150 dwellings in the five year period, a figure which is highly likely to be exceeded.

The Council has not amended the approach to windfall allowance since it was tested by Inspector Searson (APP/V0510/W/20/3245551) in September 2020. In that decision, the Inspector concluded that the Council's approach "to be a robust approach which meets the compelling evidence test." Subsequent appeal decisions have reached the same conclusion.

### **Older people's accommodation**

National planning practice guidance explains the contribution which older peoples' accommodation in use class C2 makes toward the housing requirement:

*'Local planning authorities will need to count housing provided for older people, including residential institutions in Use Class C2, against their housing requirement. For residential institutions, to establish the amount of accommodation released in the housing market, authorities should base calculations on the average number of adults living in households, using the published census data.'*<sup>2</sup>

Appendix C sets out how the Council has applied the method for calculating accommodation released by such residential institutions, and details committed sites considered deliverable within the five-year period. This projected supply has been included in the five-year supply calculation.

### **Developer survey**

Most years, the Council undertakes a developer survey. It last did so in Spring 2022, with the Council writing to agents / developers involved in the delivery of large sites, inviting them to review the information held by the Council about their site, confirm its accuracy and make amendments where necessary. Response rates, even after repeated requests, are frequently very low indeed, with developers apparently unwilling to provide trajectories for their sites. Where we got meaningful responses, these are included in this report. A survey was not undertaken in 2023 but we intend to do so in 2024.

### **Calculating supply**

Table 3 provides a summary of the Council's five-year land supply of deliverable sites. The Five-Year period runs between 1 April 2023 and 31 March 2028. Appendix A provides details of all housing sites and potential housing numbers which could be delivered each year. Appendix B explains how supply from windfall has been estimated. Appendix C details projected supply of older people's accommodation in use class C2.

It should be noted that this table is produced on the basis of likely deliverable housing as at 1 April 2023.

---

<sup>2</sup> Paragraph: 043 Reference ID: 3-043-20180913

**Table 3: Dwelling supply in five year period and beyond**

Site Status at 01 April 2023	Year 1 23/24	Year 2 24/25	Year 3 25/26	Year 4 26/27	Year 5 27/28	Total Five Year	Future Supply Total Year Six Onwards	Total (all) (including post 2031)
Minor (non-major) development - schemes of less than 10 dwellings with planning permission. <i>Apx A(i)</i>	213	484	45	1	0	<b>743</b>	<b>0</b>	<b>743</b>
Dwellings (major) with detailed planning permission (e.g. Full, Reserved Matters). <i>Apx A(ii)</i>	500	628	511	329	240	<b>2,208</b>	<b>480</b>	<b>2,688</b>
Dwellings (major) with outline permission. <i>Apx A(iii)</i>	0	20	222	168	175	<b>585</b>	<b>929</b>	<b>1,514</b>
Dwellings allocated in development plan, without consent at base. <i>Apx A(iv)</i>	0	0	0	50	90	<b>140</b>	<b>569</b>	<b>709</b>
Dwellings on unallocated sites & without consent at base <i>Apx A(v)</i>	0	0	16	12	0	<b>28</b>	<b>0</b>	<b>28</b>
Sites with no clear evidence of deliverability in 5yr period. <i>Apx A(vi)</i>	0	0	0	0	0	<b>0</b>	<b>2,664</b>	<b>2,664</b>
Windfall allowance (to 2031 only). <i>Apx B</i>	0	0	50	50	50	<b>150</b>	<b>150</b>	<b>300</b>
Older people's accommodation (C2). <i>Apx C</i>	0	0	35	0	0	<b>35</b>	<b>0</b>	<b>35</b>
<b>Total</b>	<b>713</b>	<b>1,132</b>	<b>879</b>	<b>610</b>	<b>555</b>	<b>3,889</b>	<b>4,792</b>	<b>8,681</b>

The Council has identified land that is estimated, based on evidence set out in appendices A-C, to be capable of delivering **3,889 dwellings within the five-year period**, with such a supply consistent with national policy and case law. This supply is considerably higher than the five-year requirement of 3,000

dwellings. This leaves a surplus of 889 dwellings. The above table also demonstrates there is a very healthy identifiable supply of pipeline plots, of 4,792 units.

**Dwelling supply (years)**

Expressed in years, this dwelling supply is equivalent to **6.48 years supply of housing land**, as shown in Table 4.

**Table 4: Five Year Supply**

	Dwellings (units)	Calculation / Source
Estimate of Supply, over the Five-Year period 2023 to 2028	3,889	See Table 3
Total Five-Year Land Supply in years	<b>6.48</b>	3,889 ÷ 600

**Conclusion**

It is concluded that the Council can demonstrate a five-year supply of housing land. Through this Five-Year Land Supply Report April 2024, the Council demonstrates:

- **6.48 years supply over the five-year period**
- **A further 7.99 years of pipeline supply, anticipated to come forward from year 6 onwards.**
- **A grand total of 14.5 years' worth of identifiable supply, for the full period 2023-2042**

Completions continuing into 22/23.		

## Appendix A (iii) Trajectory of sites with outline planning permission

Site Ref	Application Ref	LP15 Ref	Site address	Parish	Application Type	Decision date	Appeal decsn	Proposal	Site capacity	Past losses	Projected losses	No. supersede	Complete	Under construction	Not started	Net Commitment	Years 1 - 5										Total	Comments									
																	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/33	2033/34	2034/35	2035/36	2036/37	2037/38	2038/39	2039/40	2040/41	2041/42		
90011	18/01435/OUM		Site East Of Clare House Stables Stetchworth Road Dullingham Suffolk	Dullingham CP	Outline application	05/02/2020		Proposal for up to 41 new homes to include 12 new affordable dwellings, 250sqm commercial units (Class B1a office, Class D1 community uses), accessible bungalows, over 55's bungalows and public open spaces with public footpaths/cycle ways	41	0	0	0	0	0	41	41	0	0	41	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	41	Through their response to the Development Sites Survey 2021, the site promoter confirmed that all 41 units will be completed in 23/24. RM 22/00039/RMM validated Jan 2022 and pending consideration March 2023. On a cautionary basis, placed in yr 3 (25/26)
100029	11/01077/ESO	ELY1	Land At High Flyer Farm North Of Kings Avenue Ely Cambridgeshire	Ely CP	Outline application	18/06/2015		Residential development, a local centre comprising retail foodstore (A1), uses within Use Classes A1/2/3/4/5, D1 and business units (B1), primary school, pre-school nursery, playing fields, place of worship and/or community hall, together with open space, allotments, landscaping, highways, infrastructure and associated works.	800	0	0	200	0	0	600	600	0	0	50	50	50	50	50	50	50	50	50	50	50	50	0	0	0	0	0	600	Site with outline planning permission, partly superseded by reserved matters application for first phase 17/01722/RMM which is currently being built out at a rate of approximately 50 dwellings per annum (46 of 199 units remaining 1.4.23). Assume this remaining phase(s) will deliver new dwellings following completion of the first phase (17/01722/RMM), but with a single year of nil delivery in yr2 i.e. restarted delivery from year 3 at a rate of 50dpa. A response to the Development Sites Survey 2022 was received which confirmed the estimated delivery rate of 50dpa.
100030	13/00785/OUM	ELY1	North Ely Urban Extension (western parcel)	Ely CP	Outline application	20/06/2016		Residential led development of up to 1,200 homes with associated employment and community uses (including care home or extra care home). Supporting infrastructure, and open space/landscaping on land to the west of Lynn Road in Ely	1200	0	0	715	0	0	485	485	0	0	0	0	50	70	75	75	75	75	65	0	0	0	0	0	0	0	0	485	Site with outline planning permission at base date and partly superseded by phases 16/01794/RMM (199 homes), 20/00360/RMM (258 homes) and 21/00470/RMM (258 homes). Therefore, 485 remain of original outline permission of 1,200. It is assumed that completions from remaining site are deliverable from year 5 in this instance (rather than typically year 3 for an outline), in acceptance of other phases of the original 1200 still being built out which could mean this remaining phase might not start by year 3. NB. App ref is 13/00785/ESO
110025	16/01662/OUM	FRD3	Land Adjacent 67 Mildenhall Road Fordham Cambridgeshire	Fordham CP	Outline application	19/09/2018		Residential Development for 74 Houses. 5 Plots for self build, parking, vehicular accesses and public open space.	79	0	0	0	0	0	79	79	0	0	0	35	35	9	0	0	0	0	0	0	0	0	0	0	0	0	0	79	The site has outline planning permission and is allocated in Fordham Neighbourhood Plan as site allocation 'FH6'. A reserved matters application (21/01095/RMM) is currently pending determination. The site is therefore considered deliverable within the five year period, possibly from yr2 Or yr3 with an early RMM permission, but assumed as being yr4 onwards on a precautionary basis. Submission of RMM shows clear evidence of intent to deliver, therefore site is deliverable.
120056	18/01471/OUM		Site South West Of 49 Aldreth Road Haddenham Cambridgeshire	Haddenham CP	Outline application	16/04/2020		15 dwellings, of which 5 are affordable, with new access and associated works	15	0	0	0	0	0	15	15	0	0	0	15	0	0	0	0	0	0	0	0	0	0	0	0	0	0	15	The site has outline permission. 21/01841/RMM application validated Jan 2022. Submission of RMM shows intent to deliver, therefore site deemed deliverable. RMM approved May 2023 (post reporting base year)	

Site Ref	Application Ref	LP15 Ref	Site address	Parish	Application Type	Appeal decsn Decision date	Proposal	Site capacity	Past losses	Projected losses	No. supersede	Complete	Under construction	Not started	Net Commitment	Years 1 - 5					2028/29	2029/30	2030/31	2031/32	2032/33	2033/34	2034/35	2035/36	2036/37	2037/38	2038/39	2039/40	2040/41	2041/42	Total	Comments

130001	20/00260/OUM		Land Adjacent To 8 Hall Barn Road Isleham Cambridgeshire	Isleham CP	Outline application	24/06/2021	Erection of 17 dwellings and new access	17	0	0	0	0	0	17	17	0	0	17	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	17	Outline consent, with RMM (22/00675/RMM) for submitted for the approval of the details of the landscaping. RMM indicates desire to deliver, therefore site deliverable in five year period.
130017	18/00363/OUM		Land Accessed Between 2 And 4 Fordham Road Isleham Cambridgeshire	Isleham CP	Outline application	08/01/2019	Outline planning permission with all matters reserved except for access for the erection of up to 125 dwellings including affordable housing, land to be reserved for nursery use (Use Class D1), open space including an extension to the recreation ground, play areas, sustainability drainage features and associated infrastructure including foul sewage pumping station.	125	0	0	121	0	0	4	4	0	0	4	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	4	Part of a wider 125 home consent. Of that 125 homes, 4 are self build and listed separately. The majority of the other 121 homes now completed, with rest being delivered, thereby providing services and access to these self-build plots. The self build plots are, therefore, clearly deliverable within the 5 year period.

230151	19/00717/OUM		Broad Piece Soham Cambridgeshire	Soham CP	Outline application	08/03/2021 11/02/2022	Proposed erection of up to 175 dwellings and associated infrastructure with access from Broad Piece	175	0	0	0	0	0	175	175	0	20	40	40	40	40	35	0	0	0	0	0	0	0	0	0	0	0	0	0	175	Permission granted on appeal, 11 Feb 2022. In the proof of evidence of the appellant (Persimmon Homes, 14 Dec 2021) at this Inquiry, it was stated "if this appeal were to be allowed then delivery on site would take place within the current five year period" (para 4.1.102). More substantially, the same proof stated at 6.1.41 "The appeal proposals will assist with delivery within the five-year period, with first completions anticipated in 2023. In that respect the Appellant is proposing to reduce the time necessary for submission of the reserved matters application from three years to two years, to demonstrates its commitment to delivery from the site. This is not a proposal that should planning permission be issued, would be 'mothballed or land banked'. It is a well thought out planning application by an active house builder in the area who controls the land and would proceed to construct the development and make a positive contribution to the need to boost the supply of housing." Whilst 2023 would mean either yr 1 or yr2, the Council assumes yr 2 (23/24). A phased trajectory is also allowed for. No other reason to dispute the inquiry submitted evidence by the developer.

A Screening Opinion (19/00972/SCREEN) was issued in Sept 2019, which confirmed that an Environmental Statement is not required.</p> <p>Hybrid application (ref: 20/01238/FUM) for 209 dwellings (full permission) and 241 dwellings (outline), total 450 dwellings, was validated in October 2020. During consideration, subsequently reduced to 204 full and 236 outline. Pending consideration as of end of March 2023. It is therefore assumed that the site, particularly the 'full permission' element being sought, is capable of delivering some completions within the five year period. 250 units listed on the trajectory reflects LP allocation assumption, but will be increased to match consent (if approved). Barratt Homes controls the site, so can respond quickly from consent to delivery. On a cautionary basis, assume completions start from second half of 2025/26 (yr 4).</p>	
230056	SOH1	SOH1	Land off Brook Street	Soham CP	Housing allocation		HOUSING ALLOCATION	400	0	0	0	0	0	400	400	0	0	0	0	20	45	45	45	45	45	45	45	45	45	20	0	0	0	0	400	<p>Allocation site in LP2015 for (indicatively) 400 units. Hybrid application (21/01048/HYBM) for 1 demolition/1 replacement dwelling (full), plus 80 dwellings (outline) on southern parcel only of wider SOH1 allocation. No proposals at present for remaining part of SOH1.</p> <p>Site is therefore both allocated and with partial active permission being sought, demonstrating clear developer intent to deliver, therefore clear evidence of site, in part, being deliverable. On a cautionary basis, assume completions from 2027/28.</p>
230057	SOH2	SOH2	Land off Station Road	Soham CP	Mixed use allocation		MIXED USE ALLOCATION	90	0	0	31	0	0	59	59	0	0	0	20	20	19	0	0	0	0	0	0	0	0	0	0	0	0	59	<p>The site is allocated in the Local Plan 2015. The estimated site capacity is based on the Local Plan allocation. However, an application for 108 dwellings and retail units (20/01174/FUM) was received and validated in September 2020, later adjusted to 94 dwellings, and is currently being determined, illustrating the site's potential to deliver slightly more dwellings (94) than suggested by the Local Plan (90). If approved, the trajectory could be updated. A previous permission for 31 dwellings on part of the site (16/01804/FUM) appears to have lapsed. If the 94 home scheme is approved in yr 1, then it's units would be deliverable in the five year period. Either way, therefore, there is confidence the site as a whole (90 or 94 units) is deliverable in the five year period.</p> <p>Development of the site is also closely related to the development of Soham rail station, which opened recently.</p>

## Appendix B – Windfall Justification

The housing supply can also include an assumption for future windfall development. Paragraph 72 of the NPPF states that:

*‘Where an allowance is to be made for windfall sites as part of anticipated supply, there should be compelling evidence that they will provide a reliable source of supply. Any allowance should be realistic having regard to the strategic housing land availability assessment, historic windfall delivery rates and expected future trends’*

The definition of windfalls in the Glossary to the NPPF states they are sites which have not been specifically identified in the development plan. Therefore, a windfall is any site that produces dwellings, but has not been identified in the development plan process.

The adopted Local Plan 2015 (as amended 2023) typically allocates sites with capacity for 10 dwellings or more<sup>1</sup>. The Local Plan contains policies which enable small scale residential developments to take place over the plan period. Therefore, there is justification for including a windfall allowance for small sites of fewer than 10 dwellings.

### **Local Plan policies for small-scale development**

The Local Plan 2015 applies ‘Development Envelopes’ around the built areas of existing settlements. In principle, development is generally acceptable within the Development Envelope (see policy *Growth 2: Locational Strategy*). Over the plan period there are likely to be numerous opportunities for windfall development within Development Envelopes.

In addition, the adopted Local Plan 2015 enables certain forms of development to take place in the countryside (i.e. outside of Development Envelopes), for example Affordable Housing exception sites; dwellings for rural workers; the replacement of existing dwellings in the countryside; and, the re-use and conversion of non-residential buildings for residential use.

Generally speaking, where Neighbourhood Plans have been made in the district, they follow the same principles as above.

### **Historic windfall delivery**

Developments of fewer than 10 units almost without exception occur on sites not allocated in the adopted Local Plan. As such small sites can generally be considered to be “windfall development”. To provide an estimate of the level of windfall development which might reasonably be expected to be delivered in the future, this section analyses historic housing completions by size of site.

Cambridgeshire County Council supplied housing completions data for East Cambridgeshire district prior to 31 March 2017, with housing completions data from 01 April 2017 onward provided by East Cambridgeshire District Council.

This data has been analysed to calculate annual historic windfall delivery spanning 20 reporting years, and includes 8,380 net housing completions in total. Each site is assigned to one of the following *development classes*:

---

<sup>1</sup> The Local Plan 2015 includes a small number of site allocations with a capacity of less than 10 dwellings, but the total capacity of such sites is negligible relative to the overall dwelling supply.

- **Estate 9+ Dwellings** – Any development site providing 9 or more residential units.
- **Group 3-8 Dwellings** – Small-scale residential development providing 3 to 8 residential units;
- **Infill 1-2 Dwellings** - Scale residential development providing 1 to 2 residential units;
- **Residential Change of Use** – Change of use of a non-residential building to one or more dwellings. Generally small-scale, however one site providing 16 dwellings (and therefore large scale) was completed in the 2014/15 reporting year and for the purposes of this note has been reassigned to the Estate 9+ Dwellings class.
- **Replacement Building** – Replacement of existing dwelling(s) or ancillary building with one or more dwellings. All records in sample are small-scale.
- **Residential Conversion** – Conversion of dwelling(s) (and in some instances non-residential buildings) to create one or more new dwellings. All records in the sample are small scale.
- **Demolition of Dwelling** – Developments involving the demolition of one or more dwellings. Generally, demolitions of dwellings occur on small-scale dwellings, for example through the development of replacement dwellings, or to open up existing garden land for development. Whilst there likely have been exceptions, for the purposes of this assessment it has been assumed that all demolitions/losses occur on small sites.

Using these Development Class categories, it is possible to estimate total housing completions for 'large-scale' and 'small-scale' development sites.

The "Estate 9+ dwellings" Development Class can generally be considered a proxy for 'large-scale development'. Therefore, all housing completions on such sites are considered as large scale development and are not considered "windfall development". It should be noted that the Local Plan 2015 considers sites of 10 or more units to be large-scale development, however data is not available at that threshold.

All other records within the development classes: "Group 3-8 Dwellings"; "Infill 1-2 Dwellings"; "Residential Change of Use"; "Replacement Building"; and, "Residential Conversion"; are considered to be small-scale and therefore *windfall development*.

Table B.1 calculates the number of housing completions by reporting year and by site capacity - either large scale or small scale. Losses through demolition are included for the purposes of calculating net total housing completions.

Table B.1 indicates that since 2002, on average 123 dwellings were completed on small-scale development sites each year.

Since adoption of the Local Plan in 2015, windfall development has also averaged 123 gross dwellings per annum.

**Table B.1: Annual housing completions by site capacity**

Reporting Year	Large scale development (9+ units)	Small scale development i.e. "windfall" (fewer than 9 units)	Demolition/loss of Dwelling	Total Net Completions
2022/23	673	123	-11	<b>785</b>
2021/22	532	94	-7	<b>619</b>
2020/21	280	135	-10	<b>405</b>
2019/20	233	183	-21	<b>395</b>
2018/19	253	128	-8	<b>373</b>

<b>Average (rounded)</b>	<b>318</b>	<b>123</b>	<b>-5</b>	<b>436</b>

\*Dwellings only. Figures do not include equivalent dwelling supply from 'C2 older people's accommodation'

## **Analysis and conclusions**

The historic data illustrates that in each year, a significant portion of total new homes built are constructed on small-scale windfall sites. On average 123 new dwellings are completed each year on small-scale windfall sites. That 20+ year trend has been replicated in the shorter-term trend since adoption of the Local Plan in 2015.

The Local Plan includes a number of policies which enable small-scale windfall developments, both within development envelopes and in certain circumstances, in the countryside. It is therefore likely that small-scale windfall development will continue to generate a substantial number of new dwellings over the plan period.

Due to the flexibility offered by such policies, it is possible that the number of small-scale windfall developments could increase. However, land is inevitably finite – as more sites are developed, fewer remain available for development.

It is assumed that most windfall development which will be completed in the next two years would already have planning permission and would likely be broadly accounted for in the commitment data shown elsewhere in this Five Year Land Supply report. Therefore, for the purposes of the housing trajectory and five year land supply calculation, **it is assumed that ‘new’ small-scale windfall development will occur from 2025/26 (yr 3) at a rate of 50 units per annum.**

As illustrated by past trends, this windfall allowance is highly likely to be exceeded and is considered to be a conservative estimate (50 dwellings equate to just 40% of gross average small-scale windfall completions). It is therefore justified to allow for this amount in the plan period and for feeding into calculations of the five-year land supply.

## **Community Land Trust developments**

East Cambridgeshire District Council is highly supportive of community-led development, which is delivered primarily through a Community Land Trust (CLT) model. The Council takes a proactive role, offering a programme of support to CLTs, and as such expects a substantial proportion of new development to be delivered via CLTs.

Reflecting this important local priority, the adopted Local Plan 2015 supports community-led development through policy *Growth 6*. The Local Plan’s locational strategy, as set out in policy *GROWTH 2*, enables community-led development schemes to be developed in locations which would otherwise not be acceptable for the development of market housing schemes (such as locations outside of *Development Envelopes*), thereby increasing the supply of land available for community-led development. Due to the level of support offered by the Local Plan it is believed that further windfall sites will be delivered in the form of community-led development, and the CLT model of delivery will gain impetus over the plan period.

Whilst the the delivery of community-led development is likely over the plan period, the Council has applied a cautious approach and not included community-led development units within the five-year calculation.

## **Inspector appeal decisions**

Despite challenges from (appeal) applicants, recent Inspectors and their appeal decisions (past 4 years or so, including inquiry-based appeals) have consistently endorsed the approach and calculations in this appendix, and have considered the evidence to be ‘robust’ and consistent with national policy.

## Appendix C – Dwelling Supply Older People’s Accommodation

National Planning Practice Guidance sets out the method for counting residential institutions which provide accommodation for older people, against the housing requirement<sup>1</sup>.

To establish the amount of accommodation released in the housing market, the NPPG states that calculations should be based on the average number of adults living in households, using the published census data.

At the time of the census 2011, there were 64,696 adults in 34,613 households within East Cambridgeshire. This provides a ratio of 1.87 (rounded to 2dp).

Using the published census data East Cambridgeshire, the following table provides a worked example to show the amount of accommodation released, expressed as number of dwellings, by a hypothetical 50-bed care home.

### Example: 50-bed care home scenario

*No. of beds / ratio = accommodation released (dwellings)*

Beds	50
Ratio	1.87
<b>Accommodation released (to nearest whole dwellings)</b>	<b>27</b>

### Dwelling supply

Table C.i provides details of sites which the Council expects to deliver older people’s accommodation in use class C2 (e.g. care home, nursing home, etc.), within the five year period.

### Conclusions

The supply from dwellings within the five year period should be increased by **35 dwellings** (Table C.i), to reflect provision of older people’s accommodation (in C2 use class).
