

Please provide this data as the number of placements, at two separate points in time: 31 March 2025, and 30 June 2025.

1. The number of homeless households placed by your council in out-of-borough temporary accommodation, and of these the number of households with children - broken down by borough/district placed in
2. The number of households that your council received Section 208 notices for from other councils, and of these the number of households with children - broken down by borough/district received from.

Here is an example table, for how I would prefer the data to be provided, but other formats are acceptable.

	31 March 2025	31 March 2025	30 June 2025	30 June 2025
Households placed out of borough	Total households	Households with children	Total households	Households with children
Total out of borough placements				
Total out of borough placements in [X council]				
Total out of borough placements in [X council]				
	31 March 2025	31 March 2025	30 June 2025	30 June 2025
Section 208 notices received	Total households	Households with children	Total households	Households with children
Total Section 208 notices received				
Section 208 notices received from [X council]				
Section 208 notices received from [X council]
