

Please may you provide me with data per annum on the following questions:

1. What is the unit count of affordable housing that has been developed or is currently being developed by the council in the last 5 years.
2. How many social homes/ developments in the last 5 years were agreed with and under Section 106, in order to mitigate the impact of the developments upon surrounding communities?
3. How many of these social homes delivered under Section 106 are currently unoccupied with no buyer or social landlord?
4. Are there any Section 106 building sites currently delayed due to uncontracted units, and if so, how many?

I would like this information to be provided in this format:
