1.0 Introduction

- 1.1 The aim of this policy is to set out East Cambridgeshire District Council's framework for the management of street trading with the aims to prevent obstruction of the streets, ensure the safety of persons using them and prevent nuisance to neighbouring residents and businesses. In doing so, it recognises the importance of licensed businesses to the local economy and the character of the area whilst trying to ensure that the activities do not cause nuisance or annoyance to the people of the area.
- 1.2 Whilst these factors will be under consideration it should be stressed that the following fundamental principles will also be observed: -
- a) the right of any individual or body to apply for a permission is not undermined and that each application will be determined on its merits;
 - b) the statutory right of any person to make appropriate representations;
 - c) that the statutory function of licensing is primarily concerned with the regulation of activities within the legislation and that any terms and conditions will focus on:
 - i) matters within the control of individual consent holders who are granted any relevant permissions;
 - ii) the premises and places being used for licensable activities;
 - iii) the direct impact of the activities taking place at the relevant
 - iv) premises on the public living, working or engaged in normal activity in the area concerned;
- 1.3 This document will guide the Licensing Authority when it considers applications for Street Trading Consents. It will inform applicants of the parameters in which the authority will make decisions and how their needs will be addressed.
- 1.4 It also highlights the Council's undertaking to avoid duplication with other statutory provisions and the commitment to work in partnership with other enforcement agencies.

Consultation

- 1.5 In determining this policy, the Council has consulted the following people and bodies:
- Cambridgeshire Police;
 - Cambridgeshire Fire and Rescue;
 - Cambridge County Council highways department;
 - Existing licence holders;
 - Representatives of businesses and residents in the East Cambridgeshire district;
 - City, town and parish councils;
 - District Councillors
 - Nationwide Caterers Association
 - Ely Chamber of Commerce
- 1.6 The views of all the appropriate bodies and organisations have been taken into account in the drafting of this policy.

Review of the Policy

- 1.7 This policy will be reviewed every five years at which time, further consultation will be undertaken. Additionally, the policy may be reviewed from time to time to take account of changes in legislation or government guidance.

2.0 Legislation and current provision

2.1 Street trading is governed by the 1982 Act. The main purpose of this legislation is to establish an appropriate licensing regime which prevents undue nuisance, interference or inconvenience to the public brought about by street trading. This legislation provides local authorities with the power (but no duty) to designate specific areas within their administrative boundaries as either:

- Prohibited streets: those which are not open to street traders
- Consent streets: where street trading is prohibited without local authority consent
- Licence streets: where trading is prohibited without a local authority licence.

2.2 At a meeting of Council held on 17 January 1984, it was resolved that Schedule 4 of the 1982 Act should apply to the East Cambridgeshire District Council area. Subsequent resolutions have been passed designating streets within the district as Consent and

Prohibited streets in accordance with Schedule 4 of the 1982 Act. The Council does not have any streets designated as licensed streets.

- 2.3 Any person who wishes to trade on a Consent Street must obtain permission from the Council before they commence trading. Street Trading is not permitted on streets designated as Prohibited Streets at any time.
- 2.4 Annex 1 lists the streets in the district that are currently designated as Consent, and Prohibited streets. The Council may designate or re-designate streets from time to time, but must follow a strict process when doing so. This process includes a requirement to advertise the proposed change.
- 2.5 Street traders who serve hot or cold drink at any time between 11.00pm and 5:00am the following day, or sell alcohol will also require a Premises Licence under the Licensing Act 2003.
- 2.6 Local Authorities can place conditions on any Consent they issue. The Act also creates offences associated with trading in Consent streets without the necessary authority: the person guilty of such an offence may be liable, on conviction, to a fine of up to £1000 per offence.
- 2.7 Traders may also be required to obtain planning permission or food registration if applicable to their application.
- 2.8 Street trading consent applicants must have a right to work in the UK. Applications will be refused where any of the applicants listed on the application form do not have this right.
- 2.9 The granting of consent to trade does not provide a right to occupy any land where consent to trade is obtained. The landowner retains the right to control the use of any land in their ownership.

Exempted activities

- 2.10 The Act makes certain activities exempt from the requirement to hold a Consent. These are:
 - a) Pedlars acting under the authority of a pedlar's certificate granted under the Pedlars Act 1871
 - b) Any trade in a market or fair, the right to hold which having been obtained by a grant, enactment or order.
 - c) Trading on a trunk road picnic area under Section 112 of the Highways Act 1980
 - d) News vendors selling only newspapers or periodicals
 - e) Petrol filling stations
 - f) Shops forecourts
 - g) Rounds men (as they have defined customers, defined routes, this is the traditional milk round delivering to order).
 - h) Objects or structures placed on, in or over a highway under Part VIIIA of the Highways Act 1980
 - i) Operation of facilities for recreation or refreshment under Part VIIA of the Highways Act 1980
 - j) Street Collections (covered by the Police, Factories, Etc (Miscellaneous Provisions) Act 1916)

3.0 The licensing process and delegation of functions

- 3.1 This part of the document sets out how applications for street trading permissions in the East Cambridgeshire District will be dealt with. The Council aims to provide a clear, consistent licensing service for service users whilst at the same time aiming to protect the safety of highway users and to prevent nuisance or annoyance.
- 3.2 Delegation is laid out in the Council's Constitution. In certain circumstances, e.g. when a representation has been made to a licence application, applications will be referred to the relevant Committee for determination.

3.3 Minor amendments to this policy may be made by the Environmental Services Manager following consultation with the Chair and/or Vice Chair of the Licensing Committee and the Legal Services Manager.

4.0 Applications for a street trading consent

Advice for new applicants

- 4.1 New applicants must be at least 17 years of age, and are advised to contact the Council, Cambridgeshire Constabulary and Cambridgeshire County Transport at their earliest opportunity, preferably before an application is made. This allows the Authorised Officers to provide advice, as well as clarifying any areas of uncertainty.
- 4.2 Street Traders wishing to trade from a static location in the East Cambridgeshire district area must obtain written permission from the landowner of where they are proposing to trade prior to submitting a street trading application.
- 4.3 The Council can also provide advice in relation to other legal requirements of a new licence holder, for example, planning permission, or food registration approval.
- 4.4 Applications will be considered from organisers of Markets, Car Boot Sales, Fetes, Carnivals and similar Community Events on the basis of one Block Consent for the market or event in question. The market or event organiser in receipt of a Block Consent will become responsible for all the individual trading activities, including the collection and payment of the relevant fees to the Council, where appropriate.
- 4.5 An applicant for the grant of a first time Consent should give a minimum of 90 days notice of application to allow time for a determination. It may be possible to obtain a Consent having given less than 90 days notice, but this cannot be guaranteed.

New Applications

- 4.6 Applications will only be considered if submitted on the Council's prescribed application form available from www.eastcamb.gov.uk.
- 4.7 Each application must be accompanied by the published application fee. An application will not be considered as duly made until the prescribed application fee has been received. The application fee will be refunded if the Consent is refused.

Supporting Documentation

- 4.8 Depending upon the type of street trading application being submitted, certain supporting documentation will be required. For ease of purpose these are specifically listed in the checklist of the individual application forms, but the types of documentation which may be required are listed below:
- Where the proposed street trading is from a fixed position, a copy of a map clearly identifying the proposed site position by marking the site boundary with a red line.
 - Details of the proposed activity, including the nature of goods being sold, times and days of operations.
 - Confirmation that third party and public liability insurance for street trading with a minimum of £2,000,000 liability cover is, or will be in place during the street trading activity.
 - Written permission from the land owner of the proposed trading location (not applicable to mobile traders)
 - Proof of right to work in the UK
 - A Passport style photo of the applicant(s)

- A photo of the front, rear, left and right aspects of the van, cart, barrow, other vehicle or stall from which trading is intended to take place.
- Gas safety certificate issued by a Gas Safe registered gas engineer, if applicable.
- Written report of electrical safety issued by a NICEIC registered electrical contractor, if applicable.
- Evidence to confirm food handlers have undertaken a satisfactory level of food hygiene training, if applicable.
- Confirmation that the mobile unit is registered as a food business under Article 6(2) of Assimilated Regulation (EC) No 852/2004, if applicable.
- It is a requirement on the application form to disclose previous unspent convictions. Where an offence is declared, the Council reserves the right to request a basic DBS criminal record certificate.

Processing of an Application

- 4.9 On receipt of an application an acknowledgment will be sent to the applicant.
- 4.10 An officer may visit the applicant and inspect the vehicle, barrow, cart, van, portable stall or other vehicle or premises/site which the applicant intends to trade from.
- 4.11 Before a Street Trading Consent is granted the Council will carry out a consultation process with various persons and groups. The scale of the consultation will be dependent upon the nature of the application, but may include the following organisations or persons:
- Cambridgeshire Constabulary,
 - Cambridgeshire Fire and Rescue Service,
 - Cambridge County Council highways department,
 - Environmental Health
 - Planning
 - Ward, City, town and parish councils
 - Property owners within 100metres who directly overlook the proposed location (static pitches only)
 - Town centre manager
- 4.12 Twenty-eight days will be given to consultees to make comments / objections. If no comments are received, the application will be granted in the terms applied for with standard conditions attached to the Consent. If representations are received, then the relevant Committee will be required to determine the application.
- 4.13 A reduced consultation period will be applicable to event, Host Premises, and daily permit requests.
- 4.14 More information on Member determinations can be found in the “Determination of application by relevant Committee” section on page 9.

Key Considerations

- 4.15 The Council may have regard to the number, nature and type of traders already trading within a consent area when determining an application.
- 4.16 In considering applications for the grant or renewal of a Street Trading Consent the following factors will be considered:
- a) Public Safety
Whether the street trading activity represents, or is likely to represent, a substantial risk to the public from the point of view of obstruction, fire hazard, unhygienic conditions or danger that may occur when a trader is accessing the site.

b) Public Order

Whether the street trading activity represents, or is likely to represent a substantial risk to public order.

c) The Avoidance of Public Nuisance

Whether the street trading activity represents, or is likely to represent, a substantial risk of nuisance to the public from noise or misbehaviour, particularly in residential areas.

d) Highway

The location and operating times will be such that the highway can be maintained in accordance with the Cambridgeshire County Council's requirements and that there are no dangers to those who have a right to use the highway and no obstruction for emergency access.

e) Compliance with legal requirements

Trading should only be conducted from a trading unit that complies with relevant legislation. Observations from relevant officers will be considered on this point.

4.17 The Council will normally grant a Street Trading Consent unless, in its opinion:

- A significant effect on road safety would arise either from the siting of the trading activity itself, or from customers visiting or leaving the site;
- Where there are concerns over the recorded level of personal injury accidents in the locality where the street trading activity will be sited;
- There would be a significant loss of amenity caused by traffic, noise, rubbish, potential for the harbourage of vermin, odour or fumes;
- There is already adequate like provision in the immediate vicinity of the site to be used for street trading purposes but note that competition issues will not be a consideration;
- There is a conflict with Traffic Orders such as waiting restrictions;
- The site or pitch obstructs either pedestrian or vehicular access, or traffic flows, or places pedestrians in danger when in use for street trading purposes;
- The trading unit obstructs the safe passage of users of the footway or carriageway;
- The trading unit is not considered to be suitable in style or in keeping with the location requested.
- The pitch interferes with sight lines for any road users such as at road junctions, or pedestrian crossing facilities;
- The site does not allow the Consent Holder, staff and customers to park in a safe manner;
- The street trading activity is carried out after dusk and the site is not adequately lit to allow safe access and egress from the site for both customers and staff.
- In the case of a renewal application the previous year's fees have not been settled, and/or the consent holder has been the subject of substantiated complaints.

Departure from Policy

- 4.18 In exercising its discretion in carrying out its regulatory functions, East Cambridgeshire District Council will have regard to this Policy document and the principles set out therein.
- 4.19 Notwithstanding the existence of this Policy, each application will be considered on its own merits based on the licensing principles detailed in this Policy.
- 4.20 Where it is necessary for the Council to depart substantially from this Policy, clear and compelling reasons for doing so will be given. Members of the determining Committee, or the Environmental Services Manager may authorise a departure from the policy in accordance with this section if he/she/they consider it necessary in the specific circumstances. In cases where the Environmental Services Manager departs from the policy he/she will advise Councillors of the action taken at the next available Licensing Committee.

Renewal applications

- 4.21 Renewal applications will only be considered if submitted on the Council's prescribed application form available from www.eastcambs.gov.uk.
- 4.22 Renewal applications will only be accepted where the trading location, trading days, and the nature of the goods being sold is identical to that of the Consent that is due to expire.
- 4.23 A reduced list of supporting documents will be required to be submitted with a renewal application and the appropriate fee. These are indicated on the renewal application form.
- 4.24 Upon receiving a renewal application, the Council may consult further to determine if the street trader is a cause for concern or has been the subject of complaints.
- 4.25 Where a renewal application has been made and there have been no justifiable complaints, no enforcement issues, and all fees have been paid on time, the Consent will be renewed within 28 days of receipt.
- 4.26 Where there have been complaints or enforcement issues, or fees have not been paid on time, a renewal application may be referred to the relevant Committee for determination. For this reason, Consent holders are advised to submit their renewal application two months prior to the expiry date.

Transfer applications

- 4.27 A transfer application will only be accepted where the van, cart, barrow, other vehicle or stall from which trading is intended to take place by the proposed consent holder is the same van, cart, barrow, other vehicle or stall from which trading is currently taking place. No aspects of the Consent can be amended other than the consent holder's details.
- 4.28 Applications will only be considered if submitted on the Council's prescribed application form available from www.eastcambs.gov.uk.
- 4.29 Each application must be accompanied by the published transfer application fee. An application will not be considered as duly made until the prescribed application fee has been received. The application fee will be refunded if the transfer is refused. A refund of in advance fees will be provided to the previous consent holder. The new consent holder will be liable for in advance fees which must be settled before the transfer can be granted.
- 4.30 No consultation will take place, but the following will also be required to be submitted with the transfer application:

- Confirmation that third party and public liability insurance for street trading with a minimum of £2,000,000 liability cover is, or will be in place during the street trading activity.
- A transfer consent form completed by the existing consent holder, or confirmation that the consent holder has passed away.
- Proof of right to work in the UK
- A Passport style photo of the applicant(s)
- Evidence to confirm food handlers have undertaken a satisfactory level of food hygiene training, if applicable.
- Confirmation that the mobile unit is registered as a food business under Article 6(2) of Assimilated Regulation (EC) No 852/2004, if applicable.
- It is a requirement on the application form to disclose previous unspent convictions. Where an offence is declared, the Council reserves the right to request a basic DBS criminal record certificate.

Determination of application by the relevant Committee

- 4.31 The Council's Licensing Committee and Licensing (Non-Statutory) Sub-Committee have been established to consider applications in relation to licensing matters. Committee meetings are normally held in public unless there are matters to be considered that are of a confidential nature. The role of the Committee with regards to Street Trading is to determine applications to which objections have been made. The only exception to this being Host Premises applications, where objections will be determined by officers under delegated authority.
- 4.32 On receipt of a written objection arrangements will be made to have the appeal or application heard at the next available meeting of the Licensing (Non-Statutory) Sub-Committee or main Licensing Committee.
- 4.33 Once arrangements have been made for the application to be heard by the Committee all parties will be advised in writing of the date, time and place where the application will be heard. The Council will endeavour to have applications heard as quickly as possible.
- 4.34 A report will be produced by the Licensing Officer. Members of the Committee and the applicant will be provided with a copy of the report which will include the letters of objection. Further copies of the report will be made available on the day of the Committee.
- 4.35 The person submitting an application will be expected to attend the hearing. The applicant can be represented by a solicitor, or supported by a friend or colleague. The Committee will follow a set procedure that will be notified to all attending parties in advance of the meeting.
- 4.36 In determining an application, the Committee will consider both the written word, and oral submissions relating to their application or representation, as well as the statement of fact from the Council's Licensing Officer.
- 4.37 Witnesses may be used, and supporting documentation may be submitted to the Committee for consideration providing this information is provided at least two working days prior to the hearing commencing. Witnesses and supporting documentation may only be used without prior notice with the agreement of all parties on the day of the hearing.
- 4.38 The Committee will consider all the evidence presented to it during the hearing and members may ask questions of officers and all other parties. After hearing the evidence

presented to it, the Committee will retire and come to a decision on the application. A decision will be made on the day, and will be communicated to all parties within 5 working days.

- 4.39 The Committee will always strive to ensure that when it is considering an application, all persons get a proper and fair hearing through:
1. Considering each case on its own merits.
 2. Using these guidelines to assess applications where it is felt appropriate.
 3. Ensuring that the rules of natural justice are applied in any hearings held.
 4. Giving all parties sufficient opportunity to present their case, ask questions of officers and members of the Panel and present information for consideration in support of their case.

Refusals

- 4.40 Where an application is refused, reasons for refusal will be provided. The decision of the Officer or Committee is final. The 1982 Act does not allow any legal appeals against the decision of the Council in relation to the issue of Street Trading Consents. A person aggrieved against a decision of the Council may though seek a Judicial Review of the decision of the Licensing Panel, should it be felt necessary. The Council recommends taking legal advice prior to commencing any action following the refusal of a Consent application as legal costs may become payable.

Duration of consents

- 4.41 Consents will be issued for a period of up to one year. Fees will be payable per quarter in advance.
- 4.42 Consents that have not been renewed by their expiry date will cease to exist and trading must cease until such time as a new Consent has been granted.
- 4.43 A Consent cannot be transferred or sold to another person unless the Licensing Authority are informed by way of the proposed owner submitting a transfer application. In the event of the death or incapacity of the Consent Holder a member of the Consent holder's immediate family may apply for an interim Consent whilst the normal transfer is processed. For more information refer to the section on transfers.
- 4.44 The sub-letting of a pitch is prohibited.

5.0 Consent Conditions

- 5.1 Standard conditions will be attached to every issued Consent detailing the holder's responsibilities to maintain public safety, avoid nuisance and generally preserve the amenity of the locality. These are detailed in annex 3.
- 5.2 Specific conditions will also be attached such as the days and hours when street trading is permitted, the goods which may be sold and the size and location of the pitch.
- 5.3 Failure to comply with conditions may lead to the revocation or non renewal of Consent.
- 5.4 In certain circumstances, the Council may wish to add, alter or amend the conditions on a trading Consent. Any amendments or variations to specific consent conditions that are requested by Consent holders must be made in writing. An administration fee will be charged to the consent holder for any amendments or variations made. There is no right of appeal against the Council's decision to refuse to amend or vary a Consent condition.

6.0 Fees

- 6.1 The 1982 Act permits a Council to charge reasonable fees for the grant and renewal of Consents. The level of fees applicable takes into account the duration of the Consent, the trading hours, location and the nature of the articles being sold. Details of the current fees

can be found in annex 2 and on www.eastcambs.gov.uk. Fees must be paid in advance and arrangements are in place to enable annual fees to be paid quarterly in advance. One month's notice of ceasing to trade must be given. Where trading ceases during the term of a Consent refunds will not be given for any outstanding period of less than 1 month.

6.2 Applications for annual Consents should be accompanied by an application fee which is set at £75. If the application is approved, the balance of the quarterly fee will be due in advance of the Consent being issued. If the application is not successful the application fee will be refunded. Daily, Event, and Host Premises consents must be accompanied by the full fee.

6.3 Reduced fees will be payable by organisers of:

- Non-commercial fetes, carnivals or similar community based and run events.¹
- Non-commercial, civic, or charitable events.¹
- Farmers markets (producer-managed marketplace for local producers to sell their own produce direct to local people)
- Sales of articles by householders on land contiguous with their homes.²

¹ *In order to be considered eligible for reduced fees, an event must be promoted with the intention that all money raised (proceeds) from the event will go entirely to purposes that are not for private gain. Money raised by third parties i.e. traders at the event will not be considered as proceeds from the event, and so may be appropriated for private gain, and will not be taken into account when determining eligibility under this paragraph.*

² *For the purposes of this paragraph "land contiguous" will be construed to be land owned by the householder not including the house itself, i.e. the articles must be placed within any garden or hard-standing area, not on the public highway. Consent may be obtainable to trade on the public highway in such circumstances, but no reduced fee will be available.*

7.0 Markets, special events, commercial events, and individual trader one off daily permits.

7.1 The authorised weekly markets held throughout the week in Ely, the Christmas Food Flower and Craft held on or around the last Sunday of November, and the Christmas special market held on or around the 23 December are outside the scope of the street trading scheme. Trading at these events/markets is dealt with by the Markets' Team. More information is available on the Council's website.

7.2 For special events, and commercial events such as continental street markets, street fairs, craft shows, and events such as those mentioned in paragraph 6.3 above, the Council will issue one Consent to the person organising the event, rather than to each individual trader. This policy is aimed at promoting events and encouraging more traders to attend them. Applicants wishing to use this provision must provide at least twenty-eight days notice, and availability is strictly on a first come, first served basis.

7.3 The Council will require that the applicant produces a list of the individual traders before the trading day, and a signed declaration that the organiser is satisfied that all the traders hold the necessary insurances and certificates for the stall they are running.

7.4 Applications for markets, special events, and commercial events will be subject to a reduced consultation process than that required of normal annual consent applicants, however, determination may take up to the full 28 day limit.

7.5 Daily permits for individual traders wishing to trade on a consent street are available. The applicable documents stated on the application form from the list of items detailed in paragraph 4.8 must accompany an application, but when determining the application, the consultation stage shall be omitted. No more than sixteen days of trading, per Consent Street location, or per trader and/or their associate, will be permitted under this provision per annum. All other considerations will be taken into account when determining an application. Applicants wishing to use this provision must provide at least ten clear working

days' notice, and availability is strictly on a first come, first served basis. Registered "Pop-up" traders (see paragraph 8.3) trading on private land (that does not hold a Host Premises Consent (see paragraph 8.2) will require a daily permit, but may provide less than ten clear working days' notice. However, trading may not commence until their application has been approved, and they have received confirmation of this.

8.0 "Pop-up" Street Food Trading on Private Land

8.1 Pop-up street food trading on private land is a relatively new concept, which is growing in popularity. The pop-up nature of this type of trading requires a different approach to be taken to provide the flexibility necessary, whilst ensuring that such trading from private locations including, pub and social club car parks, and village hall and community centre car parks is suitably controlled to promote the objectives of the street trading policy within the district. Due to this a specific scheme has been set up with the kind assistance of the National Caterers Association. Details of this scheme can be found in the following paragraphs.

Host Premises

8.2 Any business wishing to permit a food van to trade from their private land in a way that is controlled by the 1982 Act must apply for a Premises Consent using the specific application form for this purpose. Where the proposed trading complies with the criteria bullet-pointed below, only responsible authorities shall be consulted, and the determination of the application will be at the discretion of the authorised officers. In all other cases a consultation period will take place in accordance with paragraphs 4.11 and 4.12 of this policy, and the application will be determined in accordance with the same parameters as those for all other applications, as detailed in this policy. Once issued, the premises will be permitted to host any pop-up street food trader holding a Pop-up trader consent with the Council.

- Proposed trading is to take place on premises defined as a Host Premises by section 1.8 of this policy, and
- such trading is ancillary to the main purpose of that premises, and
- the trading hours requested are within the permitted hours of the main premises, or 11pm (whichever is latest)

Pop-up food traders

8.3 Any trader wishing to trade freely from any registered host premises in the district, must first apply for an annual "Pop-up trader Consent" using the specific notification form for this purpose. No consultation period will be required, and if you are registered with the National Caterers Association, a reduced number of supporting documents will be required to be submitted with your notification. The notification will be approved in accordance with the same relevant parameters as those for all other applications, as detailed in this policy. Once issued, the trader will be permitted to trade from any location holding a Host Premises Consent within the times permitted on the Host Premises Consent, subject only to requiring the host premises permission to use their land. They will also be able to apply for daily permits to trade on private land falling within the definition of a Host Premises (but not holding a Host Premises Consent) without having to wait the requisite 10 working days for a daily permit to trade.

9.0 Enforcement

9.1 The Council is committed to enforcing the provisions contained within the relevant legislation, and will work in partnership with all enforcement agencies to provide consistent enforcement on licensing issues.

9.2 It is recognised that well-directed enforcement activity by the Council benefits not only the public but also responsible members of the trade.

9.3 In pursuing its objectives detailed in this Policy, the Council will operate a proportionate enforcement regime in accordance with the Council's Enforcement Policy.

9.4 The responsibility for the overall supervision of street trading lies with the Environmental Services Manager.
