

Further to your information request FOI/EIR 24/25-217, please find your question and our response below.

**Request:**

- How many public EV charging devices are available in your authority? And how many of these are rapid or ultra rapid? *(If unable to provide a break down please share total):*
  - The total number of devices:
  - The total number of rapid charging devices (providing power at between 50kW and 100kW):
  - The total number of ultra rapid chargers (providing power at 100kW and above):
  
- How many public EV chargers have you installed for each of the last five years? How many of these have been rapid or ultra rapid? *(if you are unable to include information for 5 years please include as far back as you can. If you are unable to provide rapid / ultrarapid breakdown, please provide total)*
  - 2020:
  - 2021:
  - 2022:
  - 2023:
  - 2024 (up to current date):
  
- In the last five years, how much in GBP has your local authority invested in electrical vehicle charging infrastructure? *(if you are unable to include information for 5 years please include as far back as you can)*
  - 2020:
  - 2021:
  - 2022:
  - 2023:
  - 2024 (up to current date):
  
- What percentage of your public EV charging devices were fully operational (without faults being reported) for the last:
  - 6 months:
  - 12 months:
  
- How many parking spaces with public charging facilities did you provide across your local authority during the following years? *(If unable to provide a break down please share total)*
  - 2020:
  - 2021:
  - 2022:
  - 2023:
  - 2024 (up to current date):
  
- If applicable, how many of your public EV chargers sit within ULEZ or low emission zones?

## Response:

Please note that these responses are in relation to Electric Vehicle Charging points installed and maintained by East Cambridgeshire District Council, in Council owned car parks only. We do not install or maintain any EVCs on-street. We do not hold information on EVCs installed by third parties.

- 26 EVCs have been installed by East Cambridgeshire District Council. 2 x EVCs installed in August 2018 and 12 x dual EVCs installed in March 2023.
